Last night was a breath of hold-on-to-your-wallets as the ladies of Moxsie headed into the city for **Chictopia** and **Designers and Artists' Shop Social**. It was a great chance to see our East Coast brands **Pretty Little Thing** and **Dimepiece** live in Cali, talk to the **Polyvore** team in person (instead of through emails), plus schmooze with Bay Area bloggers that we stalk so well.

Click on the pics to see more from our [Facebook album](#).

Erin from [Cali Vintage!](#)

Dimepiece - Straight outta New York.

Christina from [ProFreshStyle](#) - Love her necklace-turned-headpiece.
